

## Business E-Mail Services

### Comprehensive Business Email Solutions

Spideace WONKMAIL Business E-Mail solution allows you to concentrate more on your business rather than worrying about your email system. We provide Comprehensive business e-mail solutions and thus, there will be no need for any much expensive software upgradations. You can access your e-mail accounts using either e-mail clients like outlook, eudora etc or you can make use of our very flexible and universal webmail interface. As every Business E-Mail Account will have a space allocation of 100 MB, you need not worry about deleting old emails and creating space for the New, as there will always be room for the new e-mails to come in.

### Comprehensive Spam & Virus Protection

In general, businesses lose lot of money in terms of lost productivity and data corruption that will be mainly caused by Spam and E-Mail borne Viruses & Worms. Our E-Mail Solutions are equipped with robust Anti-Spam Technologies (whose filters can be custom trained i.e. you can define which emails are Spam and which are not, based on the emails you get) and upto-date Server-Side AV technologies thus protecting your business E-Mail Accounts from harmful and heavy data loss and time consuming computer viruses & Worms.

### Exclusive Business Email Features and Support

Apart from other useful and important features & services, Business E-Mail Solution customers will be availed exclusive features like Shared Address Book, ToDo list etc which will aid in scheduling the business processes among the associates. We have a seperate integrated module for those who require help with the WEBMAIL interface of our business E-Mail solutions, so that, users can directly approach us for the clarification of any doubts or questions they have while using the Webmail interface.

### Save your Time & money

In general, it costs you huge investment in thousand of dollars for setting up and maintaining the E-Mail services to your business or organisation with all server, software licenses, bandwidth, space, Spam & Anti-Virus Solutions etc. Our Business E-Mail Solution provides each user in the group with 100 MB of space and with all Spam & Anti-Virus Protection. Our Services costs just around \$3.80 per user per month, which is very inexpensive and you can get further discounts when you make yearly based bulk purchases.
